Subject: Dataset and Hold Harmless

Hi Rob,

(info outside scope of request)

Also please find attached a version of the Hold Harmless letter I referred to on Friday. As the publication of the report is outside of our contract there are a number of risk considerations for ourselves, and the Hold Harmless agreement protects us against any liabilities should users other than Welsh Government make decisions / claims based on the report.

Happy to pick up any questions when we speak at 2:30.

Thanks,

Mike
