21 December 2015

Dear Mr Forsey,

Thank you for your email of 8 December to my officials regarding school transport. I am replying in view of my portfolio responsibilities.

The Learner Travel (Wales) Measure 2008, including the Travel Behaviour Code, applies to all learners up to the age of 19 who are travelling to and from education or training. This includes those who are statutorily entitled to home to school transport, receiving transport on a discretionary basis and those paying for a spare seat on a school bus.

*Edwina Hart*
