Subject: TO CLEAR - Draft line on the Former Grove Park Girls Grammar School

Kate /

The Wrexham Leader has been in touch about the Groves school in Wrexham, which campaigners are trying to save because the local authority intends to demolish the building. Protests say they are trying to get the building listed. The Wrexham Leader wants to know if this is true and if so has asked for a line.

The below line has been approved by officials. Can you see if the DM in content to clear please.

A Welsh Government Spokesperson said: "We have received and are currently considering an urgent listing request for the Former Grove Park Girls Grammar School."

Notes:

The request was submitted to us on 25 February 2016
