#	Please explain any answers above	Date
1	This was easy to arrange and host, and clearly a well organised project. The pupils really enjoyed the event.	4/2/2015 12:18 PM
2	I understand getting volunteers is difficult and the ones that were present were excellent, but having a Welsh speaking volunteer(s) would have been beneficial for some pupils.	3/31/2015 9:23 PM
3	A fantastic resource, so valuable for the pupils to see real life application of these science principles	1/29/2015 8:09 AM
4	We would have loved to have had the lorry longer so that the whole school could benefit. Some of the older pupils were very interested but due to time constraints we were unable to accommodate them.	1/16/2015 2:02 PM
5	It was a very smoothly run activity, with lots of communication before and during the activity. The facilities on the lorry was of a high standard with lots of different activities/experiments to keep the pupils engaged. As the lorry was at our school for 3 days, all pupils in year 8 and 9 had the opportunity to take part (287 pupils-of all abilities). Each pupil had an opportunity to complete two area of experiments. The volunteers were very friendly and made it easy for the pupils to feel confident to try the experiments and to suggest their ideas. It was a very engaging activity and we will definitely be trying to get it back for future pupils to experience it.	12/14/2014 4:08 PM
6	Could experiments be shortened to 1 hour?	12/9/2014 7:47 PM
7	Communication excellent and all well planned prior to event. All really good but some volunteers obviously better than others with relevant subject knowledge. Possibly needed 1 hour slots, 45 mins too short.	12/9/2014 7:43 PM
8	The lab in the lorry was an excellent experience for both staff and pupils. The organisation was straight forward and James helped throughout the process.	12/9/2014 7:39 PM
9	Some pupils expressed that the presenters were shy.	12/9/2014 7:38 PM
10	really pleased to have you here	11/24/2014 2:45 PM
11	In some sessions the students stated that the deliverer talked too much and they didn't do much in terms of practical work.	11/17/2014 11:50 AM
12	All aspects of the event were of high standard	8/26/2014 2:33 PM
13	Very easy to run for us as the whole event was so well planned by James and run by the volunteers	6/27/2014 11:10 AM
14	Pupils thoroughly enjoyed the experience and the resources provided before and after the event was beneficial for pupils to make the most of the experience	6/6/2014 1:09 PM
15	More time for students to do experiments would be good	6/2/2014 9:11 AM

IOP Lab in a Lorry - Wales tour 2014/15 - School evaluation

16	We had booked two days but had to cancel one due to NUT industrial action	3/31/2014 3:54 PM
17	I could not fault it.	3/7/2014 11:29 AM
18	The whole thing was brilliant and really stimulated the pupils in their science learning. It was just a shame they only got to see 2 out of the 3 experiments but obviously we understand the time and space constraints.	2/21/2014 10:31 AM

Q3 General Comments: Please provide any general comments you have about any aspect of the visit.

Answered: 35 Skipped: 2

#	Responses	Date
1	A great event, really pushed the more able and talented pupils whilst also showing the less able pupils real life applications of science, and potential careers which they could achieve.	5/13/2015 2:23 PM
2	We would have loved a 2 or three day event. So many of our pupils were disappointed that they were not involved. As the lorry caters for 17 at a time, there is a limit as to how many students can experience the lorry.	4/21/2015 6:28 PM
3	Very positive experience. Would like to repeat in future.	4/14/2015 3:40 PM
4	Absolutely brilliant. The children loved it. Probably generated some future scientists.	4/14/2015 8:21 AM
5	The Lab in a Lorry is a fantastic opportunity for pupils to get some hands on experience of experiments that they would never see in school. However, it is a shame that only a relatively small proportion of our pupils had the opportunity since it was a one day event catering for 90 pupils maximum.	4/3/2015 10:03 AM
6	The experiments linked nicely into various aspects of the curriculum, and were accessible to all pupils.	4/2/2015 12:18 PM
7	Very well organised, great communication, great goody bag!	3/31/2015 9:23 PM
8	An excellent service provided by an enthusiastic and knowledgeable team. We will definitely be looking to plan a return visit next year!	3/24/2015 12:34 PM
9	An excellent day was had by all on the bus.	2/9/2015 10:32 AM
10	The pupils had a fantastic time. We are so grateful for the opportunity to use the lab. The volunteers and indeed James were all wonderful.	1/29/2015 8:09 AM
11	A brilliant opportunity, impressive facility.	1/16/2015 2:02 PM
12	A well organised event that stimulated interest in science	1/12/2015 1:28 PM
13	It was a brilliant opportunity for pupils to do 'hands-on' experiments. The pupils found it interesting to interact with a real scientist and to see real life applications of the science that they study in the classroom.	12/14/2014 4:08 PM
14	Overall arrangements and advance planning was excellent and information provided about the Lab in a Lorry was given well in advance. Would definitely consider this activity again.	12/9/2014 7:51 PM
15	The pupils really enjoyed the practical aspect of the sessions. They enjoyed using apparatus and seeing things that they will not see in the classroom.	12/9/2014 7:47 PM
16	Roedd y digwyddiad wedi ei drefnu yn drylwyr, yr adnoddau yn wych, y gwirfoddolwyr yn frwdfrydig a'r disgyblion wedi mwynhau, beth well?! Diolch yn fawr.	12/9/2014 7:44 PM
17	This visit generates interest, enthusiasm and a focus on science. The chosen demos are ideal – fully accessible and with sufficient challenge for more able pupils (even our U6th enjoyed the resonance expt). This is an important and valuable resource and the more schools and pupils that get the benefit of a visit the better.	12/9/2014 7:43 PM
18	Very impressed, this event brought a lot of curiosity from pupils and staff, it had a wow factor, from the visual nature of the lorry to the high impact set-up when you got inside.	12/9/2014 7:40 PM
19	Pupils loved the lab in the lorry. Parents of pupils have commented on how engaged and enthused the pupils were. Older pupils were jealous that they hadn't had chance to go into the lorry.	12/9/2014 7:39 PM
20	The whole event was very well organized well in advance and ran very smoothly. Very impressed.	12/9/2014 7:38 PM
21	Well organized with enthusiastic knowledgeable demonstrators.	12/9/2014 7:34 PM
22	Please come again	11/24/2014 2:45 PM

IOP Lab in a Lorry - Wales tour 2014/15 - School evaluation

23	Great concept, All students enjoyed it. Had positive feedback from the Headteacher and senior staff. All seemed to run smoothly so thanks again.	11/17/2014 11:50 AM
24	The pupils were extremely enthusiastic about the event. James and the volunteers were brilliant with them.	9/15/2014 4:51 PM
25	Very well organised and a great experience for the children - presented professionally and at the appropriate level.	8/26/2014 2:33 PM
26	It would be easier to guarantee full attendance at the event by avoiding the last week of term, however, having said that by having smaller groups of approx. 10, the ones who attended gained more from the experience.	7/22/2014 11:14 AM
27	Wish we could have had them in all week to allow more pupils to access this event.	6/27/2014 11:10 AM
28	Excellent	6/6/2014 1:09 PM
29	The visit was interesting for students and they enjoyed the curriculum enrichment it provided	6/2/2014 9:11 AM
30	A well planned visit, with experiments to inspire pupils, a very positive feedback from pupils.	5/19/2014 8:47 PM
31	Excellent opportunity for pupils to use equipment not available in school and for students to meet volunteers that were as enthusiastic about science as the teachers in the school	3/31/2014 3:54 PM
32	It was all made very easy for us, even providing the enthusiastic volunteers. I shall be collecting some feedback for the students and will pass findings on to you.	3/7/2014 11:29 AM
33	All fabulous!	2/21/2014 10:31 AM
34	It was good to have female volunteers to act as role models for the girls.	2/17/2014 5:50 PM
35	An excellent experience for pupils,engaging experiments .	1/21/2014 6:42 PM

Q4 Pupil Comments: Please provide feedback from pupils involved in Lab in a Lorry

Answered: 32 Skipped: 5

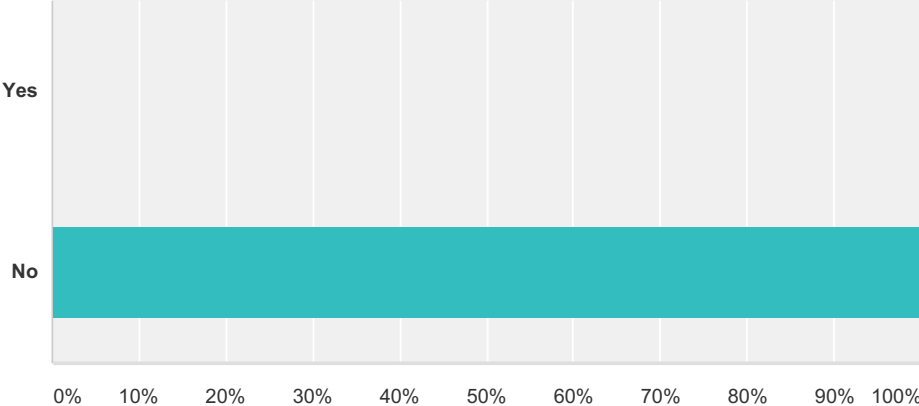

#	Responses	Date
1	Really enjoyable event for all pupils. the feedback from everyone involved (staff and pupils) has been consistently positive.	5/13/2015 2:23 PM
2	They loved the event. they enjoyed the fibre optics event the most. I was impressed how the experience brought them out of themselves. Thank you	4/21/2015 6:28 PM
3	All positive. Some preferences expressed but no trend/theme here.	4/14/2015 3:40 PM
4	Too many to list. They all want to do it again.	4/14/2015 8:21 AM
5	Every pupil thoroughly enjoyed the experience.	4/3/2015 10:03 AM
6	"I love science and want to do more!"	4/2/2015 12:18 PM
7	Pupils enjoyed the interactive aspect of the experiments. The favourite seemed to be the experiment performed by James.	3/31/2015 9:23 PM
8	"Very interesting experiments." "I really enjoyed it." "I would recommend it to others." "The best bits were trying to get the Lego man, and the UV light lesson."	3/24/2015 12:34 PM
9	I have photocopied pupil responses and sent these to you.	2/9/2015 10:32 AM
10	Fantastic, one pupil said it was the best day of his life! All pupils were very excited, and look at science with renewed enthusiasm.	1/29/2015 8:09 AM
11	See above. All pupils really appreciated the opportunity to see Science in action.	1/16/2015 2:02 PM
12	studetns enjoyed the event and were stimulated to find out more	1/12/2015 1:28 PM
13	"Brilliant", "so fun" and "best part was doing lots of experiments" are of the comments that I have received from the pupils that took part in the activity. I have also had comments from year 7 pupils asking when can they take part as they have heard from year 8 and 9 that it was fun!	12/14/2014 4:08 PM
14	Pupils really enjoyed the experiments, and the fact it was all done in a lorry. The experiments were different to what they had done before. All of them were intrigued and showed interest by asking and answering questions to the volunteers. Pupils said "good" and "interesting" and would like to see the Lorry again.	12/9/2014 7:51 PM
15	Best science lesson ever! I want to be a scientist! Why haven't we got a lorry like this? When is the 'lab in a lorry' coming back?	12/9/2014 7:47 PM
16	Wedi mwynhau yn arw ac yn ddiolchgar i'r gwirfoddolwyr.	12/9/2014 7:44 PM
17	Mostly "wow, amazing, have you been in yet..." They all loved the demos and the venue makes all the difference. Older pupils were genuinely interested in the ideas covered and this created discussion and questions in subsequent classes.	12/9/2014 7:43 PM
18	All pupils have been impressed by it, from the more able and talented to those with additional learning needs, the pupils have come out and shared stories and been visibly enthused.	12/9/2014 7:40 PM
19	Pupils loved it. Lots of positive feedback. Everyone got to hear how amazing it was!	12/9/2014 7:38 PM
20	Very positive feedback even from those who do not show much interest in science. They liked the hands on bits and seeing equipment that they would not normally see in school.	12/9/2014 7:34 PM
21	"i thought it was was good, i liked learning about the cameras that went inside the body and searched for the lego people. " I thought the science lab truck was interesting because they had different experiments that we dont get to do in school and they made us helpful and get involved." There could have been more seats ir spaces to stand	11/24/2014 2:45 PM

IOP Lab in a Lorry - Wales tour 2014/15 - School evaluation

22	The students loved the idea. They liked the hands on approach and learnt a lot of interesting facts. Some said it encouraged them to study Science at a higher level!!	11/17/2014 11:50 AM
23	Pupils thoroughly enjoyed the experience.	8/26/2014 2:33 PM
24	Pupils really enjoyed their experience in the lorry and were talking about it lots. A fantastic event that got pupils interested in Physics outside of the classroom.	6/27/2014 11:10 AM
25	We have had several pupils contribute to our newsletter stating how much they enjoyed, learned and thankful of the opportunity to take part in activities	6/6/2014 1:09 PM
26	They enjoyed the experience and said they would like to do something similar in the future	6/2/2014 9:11 AM
27	Excellent. Why cant all science lessons be like this.	5/19/2014 8:47 PM
28	excellent now I know what I want to do when I grow up Brilliant I would have paid to do that Really interesting	3/31/2014 3:54 PM
29	Science is boring but this was great.	3/7/2014 11:29 AM
30	Pupils loved it! They came back into school buzzing with excitement.	2/21/2014 10:31 AM
31	Awesome Can we have a Lab in a Lorry	2/17/2014 5:50 PM
32	Really enjoyed and learned a lot about science that I didn't know before	1/21/2014 6:42 PM

Q5 Was this a return visit to your school?

Answered: 37 Skipped: 0

Answer Choices	Responses
Yes	0.00% 0
No	100.00% 37
Total	37

Q6 How long ago was the last visit?

Answered: 0 Skipped: 37

#	Responses	Date
	There are no responses.	

Q7 What response was there from students during the initial visit? (e.g. excitement, enthusiasm, boredom, jealousy etc)

Answered: 0 Skipped: 37

#	Responses	Date
	There are no responses.	

Q8 What was the reaction of the children immediately after leaving the Lab on the day?

Answered: 0 Skipped: 37

#	Responses	Date
	There are no responses.	

Q9 Did the students discuss the Lab (and what they did) during the few weeks following the visit?

Answered: 0 Skipped: 37

#	Responses	Date
	There are no responses.	

Q10 Did you do any follow up work about the experiments/visit? If so what and when? Did you use our post visit experiment sheets?

Answered: 0 Skipped: 37

#	Responses	Date
	There are no responses.	

Q11 Do the children still remember or talk about the Lab visit now?

Answered: 0 Skipped: 37

#	Responses	Date
	There are no responses.	

Q12 Which experiments do they remember/talk about most?

Answered: 0 Skipped: 37

#	Responses	Date
	There are no responses.	

Q13 Have you seen any direct impact on the students and/or the school from the visit of Lab in a Lorry? (e.g. Have numbers choosing Physics increased? Have attitudes towards physics/science changed? Have aspirations changed? Are students more engaged with practical science?)

Answered: 0 Skipped: 37

#	Responses	Date
	There are no responses.	

Q14 What impact, if any, did the volunteers have on the kids? (e.g. Did their presence give the children pointers about where science can lead in their careers/give them ideas of courses to apply for/career paths to follow?)

Answered: 0 Skipped: 37

#	Responses	Date
	There are no responses.	

Q15 Why did you want Lab in a Lorry to visit again?

Answered: 0 Skipped: 37

#	Responses	Date
