

Anna,

Thank you for your email of 9 May and our subsequent telephone conversation earlier today.

I am not yet in a position to be able to provide a timeframe to confirm when a decision on the listing request will be taken as we are currently considering additional information that was received last Thursday evening. I am awaiting the author's agreement to that information being released and I will provide you with a copy as soon as I have received the necessary confirmation.

You will be aware of the request for information that we have recently been considering and yesterday we released all the relevant documentation which will shortly be available on the Welsh Government's website at the following link :

<http://gov.wales/about/foi/responses/?lang=en>

In the meantime, I have attached a copy of the additional information that was received on 12 April and which mentions the Air Raid Shelter.

Regards

Matthew

Good Morning Matthew,

Would you be able to indicate a likely date for a decision regarding the Grove Park School now that the elections have passed?

I would also be grateful if you could forward a copy of the additional information submitted as part of the request to list.

Kind Regards

Anna

Subject: Former Grove Park School

Dear Anna,

Thank you for your email confirming that the Council intends to proceed with works for the removal of asbestos from within Grove Park School, Wrexham.

It is a matter for the Council to decide whether to proceed with the proposed work and we have no remit. Generally, however, you will be aware that it would normally be considered to be premature to start any work that could have the effect of changing the historic character of a building while it is under consideration for listing.

In terms of the current position, on 12 April we received some new information from the person who made the request for the building to be listed. This new information will now need to be taken into account and considered as part of the peer review that is being undertaken by Historic England. As the additional information has only recently been received, the peer review will take a little longer to complete. The aim is to complete the peer review by the end of April and it will then need to be taken into consideration in deciding whether the building meets the criteria to be listed.

Regards,

Matthew

Good Morning,

The Council intends to proceed with works for the removal of asbestos from within the building in accordance with the Site Specific Risk Assessment and Method Statement as attached.

Should you have any objections to these works in light of your ongoing considerations then I would be grateful if you could inform me of your concerns by 22nd April 2016.

Kind Regards

Anna
