That's ok. From my perspective, the only comment I would offer is the highlighted extract text below in respect of s.16A authorisations.

The Council's ability to make s.16A orders is limited by section 16B(6) of the RTRA84 which limits the number of times that a section 16A Order can be made in respect of the same length of public highway to only once in any calendar year without Welsh Minister's consent. Furthermore, Welsh Minister's consent is also required if the section 16 Order is required for more than 3 calendar days.

I understand that my colleague has been considering the more detailed matters with other colleagues and will leave it to to confirm if they have any further comments.

Regards,

Dear ,

Apologies for chasing, do you have any amendments on the report please?

Thanks,

Dear ,

Please find attached correspondence from Paul Griffiths, Strategic Director – Place, regarding the above mentioned subject.

Kind regards
