Dear All,

As you know, Ministers have asked us to undertake some research to prepare the ground for future consideration of the delivery of heritage services and the structure of those organisations that take care of our historic environment in Wales. This is necessarily a short piece of work as it will need to be completed by the end of March. Ministers have specifically requested that, as well as Cadw/MALD, we invite the National Museum of Wales, the National Library, the National Trust and the Royal Commission to participate in the steering group that will oversee the project, as well as union representation. Detailed work will be undertaken by a consultant who is about to be appointed and Baroness Randerson has kindly agreed to chair the group.

We appreciate that timing is very tight, but hope to convene our first meeting on Monday, 18 January at 9.30am at the Welsh Government offices at Cathays Park, Cardiff, when we can discuss the full remit and scope of the report. Ministers would be very grateful if you could attend. Otherwise, could you ring me to establish who might act as your deputy? We will be working quickly to establish the remaining dates for this work, given pressure on everyone's diaries.

We can set up a Video Conference with the Aberystwyth office, if required.

Could you please let my office know if you are able to come?

Many thanks,

Manon
