

ATISN 11438 - Appendix A - A copy of every communication between Cadw and Welsh Government on the Circle of Iron at Flint Castle.

From: ESNR-Value Wales
Sent: 11 April 2017 13:10
To: ESNR-Economy Skills and Natural Resources
Cc:
Subject: Year of Legends Artwork Commissions

Hi ,

I thought I'd write up a few notes from our conversation yesterday.

Lot 1

The legal advice received confirms that we cannot award this contract "subject to finding a suitable location..." Therefore, if we award the contract and if we are unable to proceed due to finding a suitable location (which we discussed was very unlikely) then there would be possible remedies by the contractor for termination of the contract by us. [Legal advice request and response attached]. You said you were happy to proceed to award being informed of the risks involved.

[The contents of the email attachments mentioned in this email are withheld under section 42 of FOIA (Legal Professional Privilege). Legal professional privilege protects confidential communications between lawyers and clients: it is a fundamental principle of English law.]

We look forward to hearing from you soon.

Kind regards,

Subject: RE: MA P KS 1724 17 - Outcome of Year of Legends art installation tender v2 (A17901185)

Many thanks all,

I've changed it to advise awarding Lot 1

- can you check this MA over and help and with the clearances and budget section etc. I'm ok for this to go but please feel free to make any further tweaks. if you want to change anything really substantive then call me on so we can discuss.

This needs to go down by lunchtime tomorrow as I promised Cab Sec it would be this week.

Subject: RE: MAJOR ISSUES WITH THIS MA - MA/P/KS/1724/17 - Outcome of Year of Legends art installation tender v2" (A17901185)

The term 'ring of iron' was coined in the 19th century to describe the chain of castles built by Edward I after the first and the second Welsh wars of independence in the 13th century. These castles were used to cement Edward's successful campaigns and put an end to Welsh ambitions for independence from England once and for all. Flint was one of these castles. So in effect some people may see the 'ring of iron' as some sort of reinforcement or celebration of this. It's interesting to note that _____, who had no sight of the proposal until now, thought this - but this may be because working as a civil servant in Wales we become sensitive to the politics.

We might be able to challenge this with the inscriptions on the piece or by making it more Celtic in some way within the ring design itself - that would be something we would need to discuss with the artist through the design / consultation stages.

Hi _____,

Thanks, can you remind me what the ring represents in relation to how it celebrates the suppression of the Welsh people?

Thanks,

See below, has already had sight of the comments made by regards celebrating Welsh defeat:

Other more important issues:

Lot 1

Paragraph 2 must contain the full cost of Lot 1. (I note that we will be celebrating the suppression of the Welsh People by King Edward 1 with this art installation.) There are major issues around the siting of the Ring, which you describe within the MA.

Importance: High

I started to write an email to you on this MA to cover basic formatting matters, then issues I see around both Lots, but I see so many issues on this MA that I decided to write this note instead.

Can you confirm please that this has been approved by , that Legal advice has been obtained and that CPS are content for Lot 1 to be awarded. That the issues around the siting of the Ring, especially the issues on the SSSI of the Dee estuary - looking at the attached documents - significant foundation is an understatement. Do you have a build time for this, when is it planned to be opened, has Planning permission been sought. Will the cost of Lot 1 include survey fees, planning fees, construction cost, etc. etc.

Until I have clarity on these issues I cannot clear this MA.

Thank you

Formatting issues first:

Dear All

I should be grateful if you would review the attached MA P KS 1724-17 and
provide clearances as necessary, please.

As you can see we are awaiting one small piece of info (a reference number)
which I will insert when we receive it on Friday morning.

We are aiming to get this to the Cabinet Secretary by mid-day Friday (12 May)
and I am sorry for the short notice.

Many thanks

Outcome of Year of Legends art installation tender v2" (A17901185)

Hi ,

Here's the documents for the MA. We are working on 'v2' (the other document
wouldn't save so we had to create a second one so sorry about any
confusion. The two powerpoints are the supporting documents. wants
the MA to the Cab Sec by midday.

The visit wales MA number needs to be inserted in para 7 (I can't highlight
the exact spot but you can see it in brackets in the first section: kss xxx visit
wales.

I am expecting to get this last piece of information from VW tomorrow am - there's no one in the office today (hopefully the ever reliable will have it...)

Thank you

ESNR-Tourism, Heritage & Sport-Cadw has sent you links to the following 3 documents from Objective:

Hi ,

It was very good to speak to you and thank you for your advice. I have amended the following:

Para 4: I've included a breakdown of costs for Lot 1 - you see that the artist has made a provision for planning / surveys / legal fees within the costs.

Para 5: advice to Minister Lot 1: Now includes the statement: 'Any additional costs that may arise from necessary surveys, site investigations or archaeological investigation will be met through the Cadw Capital Works programme'.

will sort out the formatting cover sheet and CC list for recirculation. If you need additional re-assurance please let me know.

/all,

I've just spoken to who is going to log in and provide a response to the other matters raised in the email.

The pricing proposal from the bidder for Lot 1 is as follows (all figures exclude VAT). Can you incorporate it into the MA where you consider appropriate ?

1. Artist Fees: including design, development, consultations	£30,000
2. Cost of build stage, including materials	£250,000
3. Cost of transport and installation	£90,000
4. Any other costs (specialists costs (planning, legal, engineering for example – please specify)).	Site preparation / archaeological excavation= £8,000 Structural engineering = £9,000 Lighting consultant = £2000 Geotechnical survey= £4000 Planning / legal = £2000
TOTAL AMOUNT PAYABLE BY THE CLIENT	£395,000

I hope this helps.

Kind regards,

Some of the questions raises is not in a position to respond to?
Around the installation/interpretation etc? can provide more info on the
costs for Lot 1 in terms of what is listed in the bid but alludes to potential
costs above this that could be incurred. The majority of these questions are
for CADW to respond to not as procurement advisor. I appreciate this
may be an issue in terms of timescales .
