Hi Mark

**CONWY ANNUAL MONITORING REPORT (AMR) 2015**

Following agreement of the Council's Cabinet on 22<sup>nd</sup> October, please find attached Conwy's first AMR 2015.

Whilst the Conwy 2015 AMR does not propose a review in light of the 2015 LDP Manual Guidance, the Council's Cabinet did recommend and agree that a letter is sent to the Minister requesting that Conwy be permitted to review the LDP now as a result of the 2014 population and household projections and lack of a 5 year supply. You'll be aware that Conwy's LDP is formulated on the basis of the 2008 projections. The Cabinet also requested that the letter details concerns with regards to the JHLAS and 5 year supply process.

I fully accept that an early review at this first AMR stage is unlikely to be accepted, but as requested by the Cabinet I'll be putting this together shortly.

Kind Regards

James
