

## Appendix One - Architecture

### Qualifications and Experience

1) Please use the table below to detail the key personnel you envisage being employed in the delivery of this framework (add additional rows where necessary).

Name	Qualification/s	Date Obtained	Membership of Professional Body (please name institution)

2) The buyer is looking for suppliers with a proven track record and experience working on projects of a similar nature. Please note, the level of experience required varies with the value banding options for which you are bidding. Please note the requirements at each level and complete the relevant tables.

Within the “variation” column we are looking for any modification to the original proposed timetable or quotation with a brief explanation of the reason for the variance (bullet points will suffice).

Additional, project specific, experience/knowledge may be required at mini-competition, this could include experience dealing with listed buildings, special needs environments etc.

£250,000 and Below (Final Construction Works Cost)

Within these lots we are looking for a minimum of 3 commissions within the last 5 years, these can be extensions, re-modelling or new build with a total constructional contract value between £50,000 and £250,000. Two examples must be public buildings.

Start Date	End Date	Client	Brief Description of Commission	Original Fee Bid/Quotation	Final Fee	Explanatory Note regarding any variance
