Subject: RE: MA-L/EM/0764/17: Welsh Language Standards for the Health Sector - post consultation update

Dear [hepgorwyd adran 40(2)]

Thank you for you e mail.

The CS for Health and Social Services is happy to agree

- the policy behind proposed changes to the draft Regulations;
- that separate Regulations are prepared for the 9 professional healthcare Regulators with an England and Wales remit;
- that NHS Business Services Authority are not included in the proposed Regulations;
- that policy officials do not consider that a further consultation on the draft Regulations is required before they are laid before the National Assembly

The CS for Health has also noted the Ministers invitation for him to attend the meeting with opposition party spokespeople but due to pressures on his diary he has declined the invitation on this occasion.

Diolch

[hepgorwyd adran 40(2)]

Following the recent meeting with the First Minister and Cabinet Secretary for Health and Social Services, both the Minister for WL&LL and Cabinet Secretary for Education have agreed:

•the policy behind proposed changes to the draft Regulations; •that separate Regulations are prepared for the 9 professional healthcare Regulators with an England and Wales remit; •that NHS Business Services Authority are not included in the proposed Regulations; •that policy officials do not consider that a further consultation on the draft Regulations is required before they are laid before the National Assembly

In agreeing this MA, the Minister for WL&LL has also commented she would like a short briefing for her to share with opposition spokespeople on what the main points are in the Health Standards and to set out the areas where officials think the main concerns will be and how we counteract these arguments. This would be shared in the meetings with opposition spokespeople before the Standards are published - the Minister has also asked whether or not the Cabinet Secretary for Health and Social Services wishes to be involved in these meetings.

Thanks
