Keep Childcare Safe

After School Clubs and Wrap Around Provision

If a child attends more than one setting they should remain in the same, consistent group across both settings wherever possible.

Where that is not possible, they should remain in consistent groups within both settings.

Children can be grouped by:

- class
- year group
- school

Reduce the number of children who will need to self-isolate

Change rooms and areas as little as possible

Keep records of who sits where and consider time/date stamped photos

If there is a positive test, only those within 2 metres need to self-isolate
