The information you requested is below. Should you require any further information or clarification please do not hesitate to contact me.

**Question 1.**

In 2019/20, the latest full academic year, Coleg Gwent were allocated a total of £42,281,199 for its mainstream provision. This allocation would have included funding to deliver Welsh Baccalaureate AS and A-Level courses throughout between August 2019 and July 2020.

Colleges record delivery of courses throughout the year to account for their mainstream allocation, with flexibility permitted to allow colleges to meet individual and employer demands. Therefore, the allocation does not specify how much should be spent on any particular course.

**Question 2.**

Funding for these courses vary dependant on the size of the course being undertaken. Therefore, a 3AS level course with the Welsh Baccalaureate accounts for more funding than a 2 AS level course with the Welsh Baccalaureate. A list of values for 2019/20, to align with the information given in answer to your first question, can be found on page 35 of the following link <https://gov.wales/sites/default/files/publications/2019-04/programmes-directory-2019-20-background-notes-and-information.pdf>

**Question 4.**

The Welsh Baccalaureate should be offered to all learners in schools and further education colleges at Key Stage 4 and post-16, **in line with our vision for universal adoption.**

There are no statutory requirements for learners to undertake any qualification post-16. Therefore, undertaking the Skills Challenge Certificate is not compulsory. However, our policy is to encourage all schools and colleges to offer it as part of their learning

programmes. Every learner should therefore have the opportunity to benefit from taking the SCC as part of the Welsh Bacc.
