**Attachments:** Rhoscrowther Plan.JPG

 **CAUTION:** This email originated from an external sender. Verify the source before opening links or attachments.

Hello Neil

Your data request has been logged with the above reference.

We no longer undertake bespoke data requests for abstraction information, but instead can provide you with our Licensed Water Abstractions dataset for Wales, which is provided under licence. You can then undertake your own searches.

Please refer to the attached Metadata

link: <https://libcat.naturalresources.wales/webview/?infile=details.glu&loid=116321&rs=1094747&hitno=1>

Please confirm if you would like me to provide you with this dataset under licence.

Consented Discharges to Controlled Waters data is held on the Geo-Portal for Wales – Lle – at this link:

<http://lle.gov.wales/catalogue/item/ConsentedDischargesToControlledWatersWithConditions/?lang=en>

Please ensure you download and read the NRW Conditional Licence regarding re-using this data (link available from Lle).

Our Public Register may also be useful <https://naturalresources.wales/permits-and-permissions/check-for-a-permit-licence-or-exemption/?lang=en>

Certain private water supplies do not require a licence; therefore we are not necessarily aware of their existence. The locations of private domestic sources may be held by the Local Authority on the register required by the Private Water Supplies (Wales) Regulations 2010 (amendment 2016). You will need to contact the relevant Local Authority directly about this.

Also attached is a link to Environmental Pollution Incident data:

<https://lle.gov.wales/catalogue/item/EnvironmentalPollutionIncidents/?lang=en>

I am making enquiries about abstraction return data and will get back to you.

Regards

**Kathy Banner**

**To:** Enquiries Queue;  
**Subject:** Request for Environmental Data

Good afternoon

**Request for Environmental Information**

Please could you provide details for any private water supply abstraction licences, abstractions and discharges present within 2km of Rhoscrowther, Pembrokeshire, SA71 5TH (191000, 201750) - site plan attached

Where possible can you provide copies of the abstraction licences and any abstraction data returns (2015 – 2020).

We would also appreciate any information relating to recent pollution incidents if applicable

Any queries, please get in touch

Kind Regards,  
Neil

Good afternoon

Please see our public register for water resources for any water abstraction licences in your area –  
<https://nrwregulatory.naturalresources.wales/Permits>

Regarding the data you've requested, I've forwarded your email on to our Data Distribution team who are able to provide this information.

Kind regards

Dear Neil,

Thank you for your enquiry below.

We are not aware of any Regulation 8 or 10 (shared or commercial) private water supplies within 2km of the location identified. Our historical records indicate that there is one single private water supply within 2km (NGR 190998, 200072). However, since the change of the Private Water Supply Regulations in 2010 we no longer have a statutory duty to sample such premises and as such are unable to confirm if this property still has a private water supply or if there are further single properties with a private water supply within the search area.

Natural Resources Wales will be able to provide further advice regarding any other abstraction licences in the area.

We are not aware of any water related pollution incidents within 2km of the location.

I hope the above information is of use but please do not hesitate to contact me if you have any questions or require further information.

Kind Regards,

Rachel
