

Len Richards
Chief Executive
Cardiff & Vale University Health Board

26th February 2021

Dear Len,

Support in Principle for the Programme Business Case for UHW2

Following our initial discussions, I am writing to confirm our support in principle for the PBC for the development of UHW2. We are keen to continue to work with you and other partners to build further on our initial discussions as you progress the work.

We are particularly interested in exploring opportunities to align the programme with regard to the national blood and transplant service and regional non-surgical cancer services that we are responsible for. This will include work in a number of areas including the Velindre@ model, precision medicine and the wider research, development and innovation opportunities.

We also welcome the potential UHW2 offers as a strategic asset across the region.

We look forward to receiving a copy of the PBC and working with you on this programme.

Yours sincerely,

Steve Ham
Chief Executive Officer
