Dear [REDACTED]

Request for additional information pursuant to Regulation 7(3) of the EIA Regulations.

I am pleased to advise that following the submission of additional information directly to NRW, they have now duly removed their concerns regarding ground nesting birds. The latest position is summarised within the attached supplementary note prepared by the applicant's ecological consultants.

Kind regards

Gareth Roberts

Director

Dear Gareth,

Further to our telephone conversation a few weeks ago, please find attached a letter formally requesting additional information for the above potential DNS scheme, so that I am able to complete the EIA Screening Direction.

I've also attached NRW's response for your records.

Please let us know by Monday how long the information will take to collate.

Many thanks

Dear Rob and [REDACTED],

As per Gareth's email below, I am pleased to enclose a formal EIA Screening Direction Request on behalf of the applicant, Taiyo Power & Storage Ltd, for a proposed utility-scale solar and battery storage facility on land fronting the A484 and Swansea Road (B4560) at Gowerton, Swansea. The development is referred to as 'Parc Solar Caenewydd'.

In support of this formal Screening Direction Request, please find attached a detailed Screening Direction Request Report which is accompanied by the following documents (appended to the main report):

- Site Location Plan
- Proposed Site Layout
- Ecological Mitigation and Enhancement Plan
- Environmental Designations Plan
- Zone of Theoretical Visibility
- Viewpoint Location Plan
- Context Baseline Viewpoints

I trust this screening direction request will be duly registered and an appropriate officer appointed. I would also appreciate it if you could please acknowledge receipt of this screening direction request when received.
