

Meeting Notes

11 March 2024

### 1. Purpose of meeting

Welsh Government explained the purpose of the meeting, which was to discuss the draft TI Escalation framework document. The document outlines the reasons for escalation, the expectation of Welsh Government / NHS Executive and the health board and the de-escalation criteria.

### 2. Maternity and neonatal intervention

A number of meetings have already taken place, the scoping, inception and first enhanced monitoring meeting. The health board suggested some amendments to the maternity neonatal section of the framework and agreed to forward these to Welsh Government.

### 3. Next steps

Welsh Government asked the health board to confirm where and when it would publish the finalised version of the framework. It was agreed that this would be through the Finance and Performance Committee.
