Dear Mr Iles

I recently contacted the WG planning service to request an update on progress of the above case which is now showing as closed to the inspector .

Could you advise if a decision has now been made or when it is likely to be made and if I and other interested parties will be informed of the outcome. We are hoping to encourage the developer to implement the recommendations made by Ceredigion Ecology Services in time for the next breeding season so as to avoid any further degradation of the sites importance to local wildlife .

Thank you in anticipation
